## MONTHLY DETAILED OPS CLEANING LIST

- All door hardware and door frames have built up dirt on them.**  
Please use "Goo-Gone" to remove build up.
- The dining room table tops may get greasy. This is because they are being cleaned with sanitizer.**  
Per BKC Guidelines, clean with hot, soapy water and a clean towel.  
Table tops may be touched up with Santizer throughout the day, as needed.
- ALL pendant globes need to be cleaned. Glass cleaner should do the trick.**
- The upholstery in the store is to be cleaned with Armor All Car Upholstery Cleaner.**  
Bathroom cleaner will bleach the upholstery and is **NEVER** to be used on it.  
After using the Armor Cleaner on the upholstery in your store remove the cleaner from your restaurant.
- Restroom walls and baseboards to to be properly cleaned.**

## 50's STYLE RESTAURANTS

- The stainless chair frames are a big problem.**  
There are tiny grooves in the stainless that holds dirt from everyone's hands.  
ALL stainless chair frames in your stores are to be cleaned with stainless cleaner and paper towels.
- All dining room table tops have a stainless trim around them that have "waves" that hold dirt and grime.**  
Use "Goo-Gone" to remove the built in grime, and finish with stainless cleaner.
- The formica tops on the divider walls are dusty in some stores.**  
These walls should be wiped down every day.
- The stainless panel on the front of the counter has trim going around it to hold the panel in place.**  
Detail clean.
- The cars are to be cleaned with hot, soapy, water and then waxed and buffed as needed.**  
You can purchase the wax at any auto store
- The wall tile behind the 3/4 booths get especially dirty. Please keep clean.**
